

**AGENCY REQUEST FOR
A/E SELECTION COMMITTEE ACTION
OCTOBER 2013**

AGENCY: Department of Military Affairs

DMA CONTACT: LTC Daniel Pulvermacher, 608-242-3365,
daniel.pulvermacher@wisconsin.gov

LOCATION: Military Academy – Tomah & Monroe

PROJECT REQUEST: DMA is requesting authority to prepare preliminary plans and a design report for the WMA Repair Asphalt project using \$20,000 in federal funding.

PROJECT NUMBER: 13I1G

PROJECT DESCRIPTION: The project will repair and/or reconstruct pavement on access roads and parking lots. During the design of these improvements, existing drainage on and around pavement surfaces will also be reviewed. The project will also repair concrete pads, sidewalks, and curb sections. The unpaved access road and GOV parking will also be graded and repaired. Traffic control signs will be installed to reduce site wear and tear in the future.

PROJECT JUSTIFICATION: Large areas of asphalt pavement on access roads and parking lots can no longer be maintained by crack sealing and heat patching. A more thorough repair/replacement project is necessary in order to bring these surfaces to satisfactory condition.

BUDGET/SCHEDULE:
